UNIQUELY CREATED SCULPTURES
PRAIRIE DANCE
EST. 1997

MY STORY

In 1997, a desire for unique garden accessories in my own landscape led me down a path… and now, over 18 years later that path is filled with 100+ home decor and garden accessories!

Prairie Dance has grown from my home garage to a 2000+ sq. ft. studio complete with welding and finishing shops. AND I'm able to fill the studio with 5 of the areas most talented artisans and business people.

While my trusty team handcrafts each of my Prairie Dance designs, I have the opportunity to show Prairie Dance at some of the nations largest markets, develop new designs, and test product success in my American craft gallery.

What more could a Midwest gal want!

-Terri Schuver
